The Sunday Travel League provides a more competitive level of play than recreational ball. These teams shall be chosen through an evaluation process.

Due to the competitive level of play of these teams, not all those who participate in the tryouts will make the team. By signing the attached form you acknowledge that by granting permission to have your child participate in the try-out for the 2012 Sunday Travel Team for their age group DOES NOT imply that your child has made the team, or that the MYAA will field a team at that level.

Players chosen will be contacted by their travel team's staff within two weeks of the last day of try-outs.

Registration Information for our Spring 2012 Recreational Program will be posted on our website later this fall.
